

A Guide to Neonatal Care

Handbook For Health Professionals

Petty J, Whiting L and Roberts S. (2024)

Critical Publishing

Web companion

This web companion has been compiled by the editors to provide supplementary content for the book and links to other relevant resources and further reading. Each chapter has an associated glossary linked closely with the book content as well as other information written by key contributors to the book, that may be useful for the topic area. We hope you find the content provides a useful supplementary source of learning to accompany our book. Please do get in touch if you have any comments and/or suggestions for additional content.

Book editors [University of Hertfordshire, School of Health & Social Work].
